

Privacy Policy

1. The term "personal information " as used herein is defined as any information that identifies or can be used to identify, communicate with, or search for the person to whom such information relates. The personal information we collect will be subject to this privacy policy, as amended from time to time.
2. We request your email address, which serves as logins to log in to the app.
3. The app requests access to your location detection to display the current weather forecast in your area.
4. The application assigns the ID of your account and your device to store on the server depersonalized information about the current profile and other user settings inside the application.
5. Data about crashes inside the app can be sent to the developer.
6. The app is absolutely free for end users.
7. We ask you to register so that only you have access to the playlists you have uploaded.
8. The security of your personal information will not be compromised.
10. We do not send email newsletters.

Required permissions

1. With your consent, you can be sent push notifications with app information.
2. With your consent, the app will determine your geolocation to display the weather forecast in your region.
